CARNET

ANTI-STATIC SHAMPOO
SUPER CONCENTRATE FOR HEAVY DUTY
VEHICLES/LIGHT DUTY VEHICLES - MOTORCYCLE

THE PROFESSIONAL RANGE

DESCRIPTION

CARNET is an anti-static shampoo designed to clean light-duty vehicles, heavy-duty vehicles, motorcycles, farm machinery and construction equipment, etc... WITHOUT MECHANICAL ACTION. It eliminates static film, fuel oil dirt, grease, atmospheric pollution traces as well as crushed insects. **CARNET** rinses off completely, leaving bodywork with its original shine.

FIELDS OF APPLICATION

CARS - TRUCKS - GO KART - MOTORCYCLES - FARM MACHINERY

INSTRUCTIONS FOR USE

Spray:

Vehicles, cars, trucks, go karts...: dilute **CARNET** at 2% in water

Farm machinery: dilute **CARNET** at 5% in water

Engine cleaner: dilute **CARNET** at 10%, spray on the motor and leave on. Scrub stubborn stains with a small brush. Rinse.

Hydraulic dispenser:

Adjust the device directly to the desired concentration.

Spray on the support, preferably dry, from bottom to top, leave on 2 to 3 minutes without drying.

Rinse well according to the same method with cold water under pressure (90 bars minimum)

Car wash:

Prepare a solution of 1 litre of **CARNET** for 10 litres of water in the tank.

Adjust the final concentration according to the type of device used.

WARNINGS

Relative to alkaline products. **CARNET** is to be used preferably on temperate body work in the shade. On old paint, it is recommended you try it on a small surface beforehand to adjust to the ideal dilution.

For professional use. See the Safety Data Sheet (only on request).

The information in our brochures, letters, reviews and reports is provided to advise you especially regarding testing that has been carried out, with an ongoing concern for objectivity and without any commitment on our part.
